

STAKEHOLDER MATRIX

Inventory Mismatch Dispute Resolution — E-Commerce Supply Chain

Prepared By	Karthika Ayyanan	Date	April 19, 2026
Project	Inventory Mismatch Dispute Resolution	Version	v1.0 — Draft

1. Purpose

This Stakeholder Matrix identifies all parties involved in the Inventory Mismatch Dispute between SnapMart Sellers and QuickKart. Each stakeholder is assessed by their Power (influence over the outcome) and Interest (stake in the resolution), with a defined engagement strategy to ensure effective communication throughout the investigation.

2. Engagement Strategy Legend

Strategy	Power / Interest	Approach
Manage Closely	High Power + High Interest	Involve in all key decisions; frequent updates; include in meetings
Keep Satisfied	High Power + Low Interest	Provide regular updates; involve in decisions that affect them
Keep Informed	Low Power + High Interest	Share regular updates; do not involve in decision making
Monitor	Low Power + Low Interest	Minimal communication; engage only when necessary

3. Stakeholder Matrix

Stakeholder	Organization	Role in Project	Power	Interes	Strategy	Engagement Approach
-------------	--------------	-----------------	-------	---------	----------	---------------------

				t		
Management	QuickKart	Oversees dispute outcome and enforces platform policy	High	High	Manage Closely	Involve in all key decisions and resolution meetings; provide frequent updates
Management	SnapMart	Final decision maker on resolution and accountability	High	High	Manage Closely	Regular updates; involve in all resolution discussions and decisions
Seller Support Team	QuickKart	Manages dispute process between QuickKart and SnapMart	Medium	Medium	Manage Closely	Primary point of contact throughout investigation; weekly status meetings
Finance Team	SnapMart	Provides financial records and manages compensation decisions	Medium	High	Keep Satisfied	Involve in financial decisions; provide regular updates on investigation progress
Inventory Team	SnapMart	Provides dispatch records and unit count data	Low	Medium	Keep Informed	Share investigation updates and findings; request documents as needed
Warehouse Team	QuickKart	Responsible for receiving and recording inbound inventory	Low	Medium	Keep Informed	Share relevant process findings; request receiving logs and GRN verification
End Customer	External	Final buyer affected by failed order fulfillment	Low	High	Keep Informed	Notify about resolution timeline and order status through QuickKart's support channel
Logistics Partner	Third Party	Transported inventory; must submit POD for verification	Low	Low	Monitor	Engage only when evidence or clarification is required; request POD submission
